Organizing Committee

Chief Patron
Mr. Akshay Munjal,
President, BMU

Patron
Prof. (Dr.) B.S.Satyanaryana,
Vice Chancellor, BMU

Honorary Chair
Prof. Joong Hoon Kim,
Korea University, S. Korea

General Chairs
Prof. Kusum Deep, IIT Roorkee
Dr. J. C. Bansal, SAU, New Delhi
Dr. Kedar Nath Das, NIT Silchar

Conveners & Organizing Chairs
Dr. Neha Yadav, BMU
Dr. Anupam Yadav, NIT U.K.

Organizing Secretaries
Dr. Ziya Uddin, BMU
Dr. Akhlaq Hussain, BMU
Dr. Rishi Asthana, BMU
Dr. Ranjib Banerjee, BMU

BML MUNJAL UNIVERSITY™
FROM HERE TO THE WORLD

KOREA UNIVERSITY 1905

SOFT COMPUTING RESEARCH SOCIETY

4th International Conference on Harmony search, Soft Computing and Applications (ICHSA 2018 Gurgaon, India)
www.ichsa2018.com
February 07-09, 2018

Prof. ZW Geem,
Gahon Unviersity
South Korea

Prof. Lipo Wang,
NTU
Singapore

Keynote Speakers

Journal of Experimental & Theoretical Artificial Intelligence

Special Issue

Taylor & Francis
Taylor & Francis Group

Impact Factor: 1.703

About ICSHA

ICHSA is a four year old international conference. ICHSA was first held in 2014 at Korea University, Seoul, South Korea and attracted a large number of researchers from different part of the world. The second and third series of ICHSA were then organized in South Korea and Spain in 2015 and 2017, respectively with a grand success. This year the scope of the conference is extended to other soft computing techniques and applications. Some eminent researchers are invited to deliver the keynote speech during the conference. It is expected that the legacy of the conference will reach a new milestone with this event.

Call for Papers

Topics of interest of the conference will include, but are not limited to the following Algorithms
Harmony Search Algorithm, Particle Swarm Optimization, Differential Evolution, Genetic Algorithm, Tabu Search, Differential Evolution, Ant Colony Optimization, Spider Monkey Algorithm, Fruit Fly Algorithm, Firefly Algorithm, Artificial Neural Networks, Fuzzy sets and logic, Fuzzy systems, Neuro-fuzzy systems, Genetic Programming. Biogeography based optimization

Applications
Control system, Data mining and clustering, Game theory, Supply chain management, Signal processing, Image processing, Pattern recognition, Big data applications, Cloud computing, Defense disaster modeling, Renewable Energy, Robotics, Water and Waste management, Sensors and systems.

Important Dates

Abstract Submission
July 15, 2017

Submission of Full length Paper
August 15, 2017

**Decision of Acceptance/ Rejection**
October 15, 2017

Camera Ready Submissions
November 15, 2017

Early bird Registration
December 31, 2017

Paper Submission Link

Conference Proceedings

Advances in Intelligent Systems and Computing

Springer

Registration Fee

Category	Indian	Foreigner
Regular Author	6000 INR	600 USD
Student Author	3000 INR	500 USD
Only Attending	1500 INR	100 USD
Accompany Person	1500 INR	100 USD

Conference Venue

BML Munjal University,
Gurgaon, India
67th KM Milestone, Gurgaon,
Haryana 122413, India
